SAN FRANCISCO.

Thursday, October 25, 1849.

MASS MEETING

Without Distinction of Party of the Citizens of California, friendly to the Election of Thomas Butler King to the U. S. Senate.

A large meeting of the citizens of California, friendly to the election of Hon. Thomas Butler King to the Senate of the United States, was held in Portsmouth square, San Francisco, on Tuesday afternoon the 23d inst., at 5 o'clock, P. M., pursuant to a call signed by some five hundred persons.

Gen. M. G. VALLEJO was unanimously elected President of the meeting, and the following gentlemen were elected Vice Presidents, viz: Capt. J. A. Sutter, F. W. Macondray, C. V. Gillespie and B. Simmons, Esqs.

C. H. Johnson and W. Hooper, Esqs., were appointed Secretaries.

The meeting being organized, the following

ADDRESS

To the Citizens of California was read by H. Ray Bowie, Esq.

Fellow Citizens of California:

A Free State Counstitution has been adopted by the Constitutional Convention of California, and now awaits only its final ratification by the vote of her people. This great event, accomplished as it has been by a simultaneous movement of our People, not only without any aid from the Federal Government, but in the entire absence of all the means and usages of a preliminary political organization among ourselves, has suddenly imposed upon us the gravest political duties and responsibilities. *California as a State* has now great difficulties to encounter, great public interests to foster and great public objects to accomplish.

First among these stands the capital question of her prompt *admission* into the Union. This *must be secured* at the approaching session of Congress.—When this end shall have been attained, California as a State, if true to her own highest and most vital interests, must at once carry before Congress and carry *through* Congress, such an amount of important and difficult legislation as has never before been required or sought by any single State since the first organization of the Federal Government. The settlement upon just and liberal principles of the paramount question of Titles in our great Public Domain; the due regulation of those astonishing Mining Lands to which the eyes of the world are turned, and the just protection of our rights as Californians in this new found source of boundless wealth: the Survey, Lighting and Fortification of our Sea-Coast so indispensable to the security of that mighty commerce of which it is to be the scene; the creation of an American navy for the Pacific which while protecting our property and our homes from all aggression, shall have its dockyards and depots in our own harbors; the advancement of that great National Railroad enterprise which shall open to us a speedy and safe overland communication with the valley of the Mississippi and the Atlantic seaboard of the Union: the provision of all the means of Steam navigation adequate to enable us to command the commerce of the Pacific and the East; the establishment of a Mint for California, which shall give currency and circulation among ourselves and throughout our own country, to those yearly harvests of our gold which now pass in untold sums and in a depreciated form into foreign hands and a foreign coinage; the erection of such public structures as may be wanted among us for the purposes of the Federal Government, of Custom Houses adequate to the collection of our Revenue, and Post Offices, with the means of a Postal communication both at home and abroad, such as our commercial and social relations imperatively demand; and finally such fair and liberal measures as under the extraordinary circumstances of our case may seem fit to relieve us from a portion at least of the burden of supporting our State Government, by applying to that object some proportion of the Revenue which California may contribute to the Federal Treasury from her Commerce, her mines and her Public Lands;—such Californians are some of the leading objects which we must achieve or fail to achieve, through your Senators and Representatives on the floor of Congress of the United States. They are objects for the accomplishment of which we cannot look directly to the energy and wisdom of your State Government, for they lie beyond its jurisdiction.—They are objects, for the acsomplishment of which, we cannot look to the Spirit of Party among ourselves, (even, if, as we do not believe, any such spirit has yet taken root among us,) for they soar far above all Party distinctions and they stand utterly apart from all Party issues. They are objects not easy to be accomplished, in Congress, for they involve a large expenditure of the public money and a high and generous exercise of the best attributes of a comprehensive and patriotic statesmanship. Yet they are objects indispensable to the growth and prosperity of California. They bear directly on the rewards of our labor and the value of our property. They belong vitally to the grand destiny of our State and our country; and therefore, we have this day assembled, without distinction of party, to invoke, to the end that they may be accomplished, the *only power* adequate to their achievement! That power is found, at this crisis, and found *alone*, in "The Union of Californians for the sake of California!

And what we have to do in this matter must be done quickly. On the 13th of next month takes place the Election, at which the constitution is to be voted on, all our state authorities chosen and our two Representatives in Congress elected. On the 13th of December ensuing our State Legislature is to assemble, and is required by the Constitution to proceed within *four days* thereafter, to the election of two Senators to represent the State in the Senate of the United States.

In view of these facts, we have judged that the time has now fully come, when the People, destitute as they now are of all the ordinary and regular agencies for political combination, should meet for themselves and express in some formal and authentic manner their opinions as to the measures and the men demanded by the present crisis of California. We have met therefore as citizens of California, assembled without any regard whatever to sectional or party distinctions, to express our common and deliberate conviction that all the great interests of our State will at this juncture be most materially advanced and promoted by the selection of the Hon. Thomas Butler King to represent her in part as one of her Senators in the Senate of the United States. In expressing this opinion, we express as we believe only our concurrence in the general opinion both of our own community and of California. Mr. King has been long a member of Congress. In that capacity he has identified his name comparatively but little with party ties or party issues. He has on the contrary made himself principally and most widely and most honorably known to the whole country, by his advocacy of those great measures of public improvement and advantage, which the spirit of mere *partisanship is too apt to forget*. In the conception and execution of such public measures, Mr. King has placed his name high in the list of the foremost men of the country. When he resigned his seat in the House of Representatives to fix his future home and and fortunes among us in California, he left behind him on that floor very few associates of equal ability and accomplishment, and *not one* who wielded an equally commanding influence in relation to that large class of public measures and interests to which his attention has been specially devoted.

It was Mr. King who as Chairman of the Committee on Naval Affairs, in May, 1846—only a few days after the war had been declared—drew the report in favor of the two lines of Mail Steamers, to run, one, across the Atlantic, and the other, in the Pacific, from the ports of California to Panama; and with the report he framed and carried through, on the 3d of March, 1847, the Bill providing for their establishment.

In July, 1848, Mr. King made in a report from the same Committee of which he was the head, the first formal movement in Congress in favor of a Steam communication between California and China, and in the succeeding session of Congress he carried through the appropriation of money to build the steamers designed for that purpose. In this same report, as early as July, 1848, Mr. King took strong ground and presented, the first in Congress, a masterly argument in favor of the great National Railroad across the continent!

In February, 1849, Mr. King drew and presented to Congress and the county that great state paper—one of the most admirable that ever emanated from Congress—which at once and finally settled the question, as to the immediate and indispensable importance of a Rail-road across the Isthmus, as preliminary to the Rail-road across the continent. And when the facts and arguments set forth in this last Report, had been thus made known to the public, we heard the news a few weeks since that the stock for the Isthmus Rail-road had been taken up in an hour!

By these measures, by the attention they aroused, and by the means of communication they projected and established, the citizens of the United States had the start, and kept the track, when those tidings came forth, which set out all the world on the race for California, as the land of gold! And when the men of all nations came here, they found the Americans on the soil, and there was no further nor future danger of a collision of arms!

In all these measures, as well as in all his votes on the War and the Treaty, Mr. King proved himself the fast and the early friend of California. Long before her gold was discovered, he had the statesmanship to foresee her value, and the forecast to analyse and comprehend her future relations to our country and to the world. What his course has been since he came among us here, we know for ourselves. Wherever he went through the length and breadth of our state, he labored earnestly and effectually to secure the speedy formation of our State government. He has devoted the most zealous efforts of an intellect long familiar with such topics, to the full and thorough comprehension of all the great material interests of California and all the political measures essential to their protection and development. By his ability and experience, therefore, by his influence in our national councils, by the character of the public measures to which his efforts have been chiefly directed, and with which his name is identified, by the liberality and comprehensiveness of his views, and especially by his elevation above all mere partisan objects, Mr. King, in our judgment, now stands before the whole people of California, as a statesman signally and eminently qualified to maintain their rights and promote their interests in the Senate of the United States; and to that high position we cordially commend him.

On motion, the Address was unanimously adopted.

After the adoption of the Address, Gen. Morse being called for, that gentleman stepped upon the platform and delivered an eloquent speech, which was loudly applauded by the assembled multitude.—Gen. Moore was followed by several other gentlemen who explained in a clear and satisfactory manner the aim and object of the meeting—after which,

On motion of Capt. B. Simmons, the following Resolution was adopted:

Resolved, That a nominating committee of ten persons be appointed by the President to take such measures as may be deemed suitable to promote the objects of this meeting

Whereupon the said committee was appointed.

On motion the meeting then adjourned.

M. G. VALLEJO, President.

F. W. Macondray
C. V. Gillespie,
B. Simmons,
} Vice Presidents.

C. H. Johnson,
W. Hooper,
Secretaries.

THE MASS MEETING IN PORTSMOUTH SQUARE.

The meeting of the friends of Mr. King which took place on Tuesday last, was in all respects a gratifying demonstration of the popular sentiment among us. Its whole aspect and character show a sound, judicious and healthful state of feeling in our community in regard to the present political position and wants of California. We were especially pleased at the entire absence of any partisan topics in the Address which the meeting has put forth, and indeed in all its proceedings The assemblage evidently came together without the slightest regard to party ties or objects. Distinguished gentlemen of all parties and of no party, took part in its organization. The two speakers who most eloquently supported Mr. King and the political platform on which he now stands before the people of California—we refer of course to Gen. Morse and Mr. Bowie—have been, as we learn, invariably and constantly, and very actively engaged in the organization and operations of the party opposed to that with which Mr. King, in so far as he has been a party man at all, has of late years generally acted. Other gentlemen who bore their full share in the assemblnig and the action of the meeting, were well known we understand, when they lived on the other side of the Rocky Mountains, as the energetic and zealous supporters of Mr. Van Buren in the canvass of the last summer. The presence of General Vallejo and of Capt. Sutter—the distinguished President and first Vice President of the meeting—goes far to show how its objects will be looked upon by the old residents of California, while those who have more recently made this State their home were also fully represented. It is gratifying to know that a meeting so composed and organized, assuming the position and seeking the objects set forth in its Address, passed off with entire harmony and without any considerable interruption or dissent. It shows that the citizens of California are fully awakened to their true and real interests, and are resolved upon a union to secure them. Such a commencement of our political actions as a State, is full of good augury for California.

☞The New York Minstrels, made their second appearance at Washington Hall in this city on Thursday evening We learn that the entertainments of the evening were truly Ethiopean in character, and that Messrs. Crow, Jumbow & Co. were greeted with great applause.—May their efforts to please fill their pockets with the yellow stuff.

San Francisco, Cal. Oct. 23, 1849.

To the Editors of the Pacific News.

Gentlemen—A communication published in your paper of to-day, signed by me, seems, from what I have heard, to have been a fire-brand cast into a magazine. It was far from being intended as such—nay, exactly the contrary. Its object was to be the illustration of the impressions of an observer (honestly so signed,) who had the interest of California at heart, because he expected to live and die within the limits fixed by the Constitution at Monterey.

An attempt is now making to draw the old home political lines of democracy and whiggery. Cannot this be avoided? We want California to appear in our national councils what she actually is, not as a reinforcement to the democrats or whigs. We want men to represent her who can paint the picture truly—following facts, not old theories and long cherished political creeds. We want men who will be the exponents of California liberal feeling, as well as of California political interest, not of that of the democratic or whig parties of the United States. Can we not unite on this matter? Can we not scorn the trammels of association and represent pure, general opinion? Need the Catholic, the Episcopalian, the Presbyterian, the Baptist vote differently on matters of general interest because they differ in certain tenets in particulars? Need the democrats and whigs not join their force for California?

OBSERVER.

Naval.—We learn that the U. S. Ship St. Marys, having been detained here longer than was expected, by the requirements of important public business, is now fast getting ready for sea She will return from Saucelito, where she is now taking in water, on Tuesday or Wednesday next, and will sail for Canton in two days thereafter at the farthest.

Hanged.—Two of the mutineers of the cutter Ewing were executed on Wednesday, one on board of the Savannah and the other on board the Warren, pursuant to their sentence. The sentence of three of the gang was commuted. Further particulars in our next

Found Drowned.—The body of a man ascertained to be late master of the Ship Capitol, of Boston, was picked up in the Bay on Wednesday last. We have not learned the particulars.

Hats.—Gentlemen, do you want a fashionable, fine black hat? If so call at the store of Benj. Reynolds, & Co., corner of Kearney and Jackson streets, before the finest and best are selected.

Walking.—Of all kinds of exercise, walking is that which is the most universally attainable, and at the same time the best. Calling so many muscles into action, and especially those of the lower extremities, of which the circulation is apt to be more languidly and imperfectly performed, from the degree of resistance presented by the force of gravity to the return of the blood to the heart, calling, moreover, so much of the moving apparatus of the body into a reciprocal and balanced action, flexor and extensor muscles being correspondently exercised—walking is undoubtedly the best of all exercises for the purposes of health independently of its secondary, and by no means little useful effect, of carrying the respiratory organs into the freer and purer air, and exposing the system to the extraordinary and (at least in the colder and temperate countries of the earth) the healthful influence of the direct rays of the sun. The degree of the exercise must of course vary with the age, condition, and habits of the individual; but the degree of the exercise that in most cases is serviceable is generally much underrated. Three miles a day is the minimum distance which a person of moderate health and strength ought to walk. If the powers of the system increase, or are stronger to begin with, the minimum ought to be four miles. The subject should be able, in most cases, to walk four miles an hour; and the invalid, beginning, perhaps by walking a mile, or a mile and a half, in an hour, might gradually increase his rate of walking until he had accomplished this end. Quick walking calls more muscles into action than slow walking does, and is therefore better. The muscles of the back and trunk, neck and arms are comparatively very little used in slow walking. A person can hardly walk quickly without using them to a very considerable degree. It is a maxim so sound and important, as to deserve frequent repetition, that the greater the number of the muscles used, the more advantageous will be the exercise.

[Communication.]

San Francisco, Oct. 23, 1849.

My Dear Benecia: I am somewhat surprised that you cannot find my office, the more so from the fact that you seem to have some knowledge of the "whereabouts" of a town called. Benecia, a place exceedingly difficult to find, and containing not many more inhabitants than the very same corner of Jackson and Montgomery streets, mentioned in your note. Now, my dear Benecia, try again, and perhaps in the corner of your wanderings down Montgomery street you may chance to discover the sign of Dewey & Smith. This, my dear Benecia, is the very spot, come to a dead halt, make the stair entrance and you have found the office of SMITH.

N. B. If Benecia cannot furnish the "tin whistles," gas pots and blow pipes will be received on the same terms. S.

WELD & CO'S INLAND EXPRESS, by steamers, between san Francisco, sacramento city, Stockton, Benicia and New York, in connection with Tiffany & Co's Express, from sacramento city, to Vernon and to Culloma, Mormon Island, and other parts of the mining region upon the branches of the sacramento.

The subscribers would give notice that they have established an Express between san Francisco and sacramento city, with offices at Benicia and New York, and that the line will be immediately extended to Stockton.

We will attend to the carriage and delivery of specie, gold dust, and parcels of every description; to the collection of Drafts, Notes, Bills, &c.; to the purchase and forwarding of goods, and to the transaction of all other business which may be entrusted to us.

A responsible agent will pass between san Francisco and sacramento city, by the mail steamer Mint, making three trips each way per week. Another agent will be placed on board the steamer McKim, upon the commencement of her trips, and a daily communication will be established as soon as other steamers shall be placed upon the line.

For security, all valuable parcels will be deposited in our Iron safe, on board, and the utmost promptitude and exactness in forwarding and delivering all parcels entrusted to us may be relied upon.

Specie, Gold Dust and parcels for the United States, will be forwarded through the most responsible houses in san Francisco.

In san Francisco and sacramento city, parcels will be received at the offices, and will be delivered in any part of the city.

Offices.—san Francisco, sacramento st., first door above Kearny; Benicia; New York; sacramento city.

We solicit the patronage of the public.

EDWARD D. WELD,
F. P. TRACY,

G. H. BEACH, *General Commission Merchant, wholesale and retail, and Agents for the Tri-Weekly Mail Packet Line*, on the rivers San Joaquin and Sacramento.

Those seeking passage and shipping freight will find advantages by this line, being made up of 7 the finest and fastest sailing American clipper built schooners—which number enables us to send a vessel as often as every other day.

The subscriber has just received per shipments from the States, a very general invoice of clothing, groceries, provisions, tin, wood and hardware, drugs, patent medicines, paints of all colors in oil and dry, English boiled oil, leads in oil, putty, turpentine, varnishes, brushes, glue, chalk, lamp black, cot bedsteads, ready made doors, and sash with glass sets, chairs, tents, barley, flour, hemp and Manilla rope.

As, also, another invoice of that *never failing remedy for Chill and Fever*, intermittent, and all other bilious diseases, *Osgood's India Cholagogue*. Remember, the genuine article that has cured so many cases without one failure is OSGOOD'S, all others are mere imitations—*Osgood's India Colagogue*, (not Canchalagna.)

Goods retailed to Families, Miners and Mariners.

CHARCOAL and WOOD may be purchased of the subscriber on and after the 28th of this month.

Vessels in port supplied with FRESH WATER from the snowy mountains, at the ship Mentor. Merchants and others supplied from the packet office. Sacramento street, north side, near Montgomery street.

san Francisco i tf

STOCKTON FORWARDING, COMMISSION AND REAL ESTATE AGENCY.

The subscribers, under the firm and style of HEATH and EMORY, have completed their arrangements in the city of Stockton, and are now prepared, at their office and warehouse, at the corner of first and El Dorado sts., to freight to any part of the southern mines: comprising the Moquelemas, Angel's and Murphy's Camps, Wood's Creek, the Calaveras, Stanislaus, Tuoalome, Mercede, Mariposa and King's rivers. Teams and pack mules will start from their establishment every day for the above places.

The prices of freight, the time of starting, and all other matters of interest connected with the mines, or the facilities of getting to or from them, may be ascertained at their office. Goods and baggage will also be stored with great care, the subscribers having for that purpose erected a large, water-proof, plank-floored warehouse.

The subscribers also offer for sale 150 of the most valuable lots in the city, located in very desirable positions on both sides of the river. A map of the city may be seen at the office. RICH'D W. HEATH,

O. C. EMORY.

DRUGS, MEDICINES AND PAINTS.—E. D. BYRNE, & Co., respectfully give notice to the public that they have opened a store for the transaction af the above business, at Sacramento city, on 2d street, between J. and K. streets, and will at all times keep on hand as large and complete a stock as can be found in California. The selection of medicines has been made with the utmost care, and the genuineness and purity of the articles will be guarantied. Particular attention paid to orders from the mines, and from physicians, and prescriptions put up in the most careful manner. ii uA

C. F. WINSLOW. H. B. WHITE.

WINSLOW & WHITE, Physicians and Surgeons.—Dr. Winslow, late from the Sandwich Islands, and Dr. White, of Vermont, give notice that they have associated themselves for the Practice of Medicine, in all its departments, and hope from their long experience, to receive a share of public patronage. Prescriptions will also be promptly and neatly put up, at their office on Washington st., a short distance above the Plaza. vi uVc*

STORAGE.—The subscribers have now on board the storeship Janet a competent person to receive and deliver goods, and will be pleased to receive on storage, at the lowest rates, all kinds of merchandise. Apply to AGNEW & CO.

xiii tf *Agnew's Wharf.*

THE HOSPITAL OF SAN FRANCISCO.

W. H. STIVERS, M. D. } Resident
J. F. THORP, M. D. } Physicians.

Main entrance on the east or lower side of Stockton street, between Clay and Sacramento streets, south-west of and near the Post Office.

THIS establishment is composed of an extensive range of buildings recently erected, and formerly, in part, occupied for a Hospital by our fellow-citizen Dr. Melhado. Its arrangements are, in all respects, most commodious; on a scale, indeed, suited to the various and rapidly increasing wants of both citizens and strangers. The position is one of the best that could be chosen—elevated, healthy, and easy of access, with excellent water, and commanding a fine view of the bay. There is also attached to the premises an elegantly fitted up Bathing House, where cold, warm, hot and medicated baths may be had, at all hours. The Baths for the use of the public are entirely SEPARATE and DISTINCT from those devoted to patients

The Hospital of san Francisco is the FIRST, and, in fact, the ONLY Institution established on the Pacific coast, on a broad, liberal and sure foundation. It is a refuge for the sick—a home for the invalid, where comfortable quarters, good nursing, watchful medical treatment, and suitable diet will do all that human effort can do to alleviate suffering and restore to health.

The Terms are placed on the most moderate basis, being in truth, about one-third to one-sixth less than the expenses necessarily encountered by the sick, under any other arrangement.

TERMS.

1st class, one in a single room, neatly furnished, $16,00 per day.

2d class, two in a room, neatly furnished, each $10.00 per day.

3d class, in wards, neatly furnished, each $5,00 per day.

☞ In all surgical cases, and cases of Insanity, there will be an extra charge.

TOWN OF BOSTON.—Lots at the town of Boston, beautifully situated at the junction of the American Fork and Sacramento rivers, are now offered for sale. The town of Boston is only a few hundred yards above Sutter's Embarcadero, on the north side of the American Fork, and in the immediate vicinity of the gold mines, and from its situation possesses superior advantages for business purposes. The land which forms the site of the town is twelve feet above the highest water mark, and the river is twenty-three feet in depth at the banks. It is believed that no place offers greater inducements for investments than this town, as in addition to the above mentioned advantages it has a fine climate, good soil, with an abundance of excellent water, and is free from inundation at all seasons. The town has been surveyed by Mr. J. Halls, and laid out in a convenient manner, and a plan of it can be seen, and any other information relating to it obtained on application to HIRAM GRIMES,

iv tf or, J. HALLS.

LANDS ON SALE.—26 lots in Pueblo San Jose. 56 lots in Sonoma.

Several allotments in Suisun.

1,000 lots in the town of Boston, opposite Sacramento City.

3 farms on the San Joaquin.

AUCTION.—There will be an auction of horses, mules, wagons, harnesses, &c., every Saturday, at Jarvis' Livery Stable in front of Mr. Merrill's house, on Broadway. Sale to commence at 10 o'clock, A. M. L. D. JOHNSON, Auct'r

7s8 3m

ALVESO.—The town of Alveso, situate at the head of the bay of san Francisco, will shortly be offered to the public in lots suitable for building purposes. The locality of this place possesses advantages of a nature so positive and apparent that a brief description must satisfy every one of the certainty of its becoming, ere long, a town of the highest importance. At the head of the great bay of san Francisco, on the Guadalupe river—a stream running directly through the centre of the town, and navigable at all seasons of the year to vessels drawing 12 feet of water—the depot and business headquarters of the two finest valleys in California—the santa Clara and Pueblo—where everything required for their already numerous population, must be received; convenient of access to the gold mines, and directly on the route between them and san Francisco; with a climate unequalled even in Upper California; with pure water; free from inundations at all seasons; leagues of woodland within a convenient distance, with mills which even now furnish lumber at one-third the price in san Francisco. The town of Alveso must grow into importance. The wants of the extensive country around, constantly increasing, require a commercial town at this point—the only one where such a town can be located.

The place will be immediately surveyed and laid out into lots of convenient size, by C. S. Lyman, Esq., surveyor, and maps will be published for the inspection of the public as soon as practicable. Contracts have been entered into for the erection of warehouses and buildings, and a substantial bridge is now being erected, connecting the two portions of the town. The title is perfect and indisputable, having been derived directly from the Mexican government, to persons who have since resided on the premises for nearly twelve years. Persons desiring to purchase will have preference in choice of lots in the order of the reception of their names by the undersigned. Address, post paid,

J. D. HOPPE,
PETER H. BURNETT,
CHAS. B. MARVIN.

Pueblo de san Jose, Aug. 26, '49. xix tf

LOTS FOR SALE *in the city of south San Francisco*, offering the greatest inducements to persons recently arrived, who are desirous of locating themselves with superior advantages. The city of south san Francisco is situated two miles south of the city of san Francisco, immediately on the bay, having every advantage for the shipping, and is supplied with wholesome water in great abundance. A stream of sufficient quantity to supply both cities and all the shipping that ever may lay in their harbors, forms the northern boundaries of this place—is quite accessible and is about being conducted into reservoirs for that purpose. The harbor is more securely protected from the winds than the harbor of san Francisco, and ships of the heaviest burthen may at all times of the tide lay within a boat's length of the land at many points, and quite close along the whole front of the city, affording the best facilities to discharge cargo. The soil is free of dust, and is of a rich clay nature. There are extensive stone quarries, and springs of pure running water are in many places. The surrounding scenery is highly picturesque, and a more pleasant place for residences, or a more convenient place for business is not to be found on the bay. The only good road from the city of san Francisco to the Pueblo of san Jose passes through south san Francisco, crossing the mouth of Mission creek and the mouth of the stream of fresh water already alluded to On this road you travel along a beautiful valley of firm grass land to the puertesuelo, a distance of less than two miles. Persons desirous of purchasing lots, which will wholly equal in value those of the City of San Francisco and provide for themselves residences on moderate and easy terms can do so by calling at the office of the undersigned in Clay st., where full particulars will be given them. HUNTER & BROTHER,

Agent for the Proprietors.

A good House with everything necessary for the accommodation of visitors is now established at south San Francisco.

xxiv tf

CAUTION.—Whereas, one J. A. Sutter has published a notice, in which he claims title to the land on the east bank of the Sacramento river, between the Feather river and the American Fork, I hereby notify the public that I am the only legal owner of the said land, under a warranty deed from J. A. Sutter himself, dated Aug. 10, 1843; and I therefore caution all persons that no legal title can be acquired to the same, or to any portion thereof, except through me. Justice to myself requires me to add that I shall hold the said J. A. Sutter legally responsible, both for the libel on my character, and the slander of my title, which his notice contains; and that if its publication is the result of a conspiracy to defraud me of my property, I shall take care that the offenders be brought to justice as soon as a criminal court before which they can be tried, is legally organized in this territory.

Any person desiring to satisfy himself of my title to the above land, is invited to call on S. Brannan & Co., at Sacramento City, or on the undersigned, at the counting room of E. Mickle & Co., Clay street wharf, san Francisco. HIRAM GRIMES.

tfiv

Head-Quarters, 10th, Mil. Department.
(Orders No. 33.)

REPRESENTATIONS having been made that many of the N. Y. Vols., entitled to transportation home, under the instructions of the Secretary of War, of October 9th, 1848, have failed to make their applications within the limits fixed by department Orders No. 25, current series, in consequence of their being at distant points, where the fact that these instructions had been given was not known, information is now given that the limit fixed in the order above referred to, is hereby extended to the first of December next, until which time, unless contrary instructions should be received from the War Department, transportation will be furnished to such as have been prevented, by sufficient reasons, from making their applications in due season.

Applications will be made to the Quarter master, at Department Head-quarters, Capt. E. K. Kane, who will cause the applicants to be enrolled upon their furnishing satisfactory evidence of their discharge from Col Stevenson's regiment, and the customary transportation to be furnished so soon as the interests of the service will permit it.

Applicants will state the reasons that have prevented their making application in due season. The Quarter-master will judge of the validity of these reasons, and give sufficient notice of the sailing of any vessel on which transportation will be furnished.

By order of GEN. RILEY,

E. R. S. Asst. Adj. General. xvi tf

ON SALE OR TO LEASE.—Four houses in the town of San Francisco. Apply to [iv tf] HIRAM GRIMES.

NEW YORK OF THE PACIFIC.—The City of New York, of the Pacific, situated at the head of ship navigation upon the bay of Suisun at its junction with the rivers Sacramento and San Joaquin, has been most accurately surveyed by Captain R. P. Hammond, U. S. A., and laid out in the most beautiful and convenient manner, and maps have been prepared by E. H. Rowe, Esq., engineer and land surveyor, pointing out clearly each and every lot within the surveyed limits of the city, and the proprietors now offer them for sale to the public. Along the entire water front of the city, a public street is laid out one hundred and fifty feet in width, beyond which no ground will ever be sold, and the proprietors therefore guarantee to the purchasers of all lots fronting on Water street, that no building shall ever be erected between their purchase and the water. There is no point along the entire water front of the city at which vessels of the largest class cannot lay within thirty feet of the bank of the river, and there are but few points where a large class of vessels cannot come immediately to the bank and discharge their cargoes, and at all points where this cannot be done, wharves will be built by the proprietors as soon as materials for building can be procured. The centre street of the city running North and South is one hundred feet in width, and all the other streets seventy-five feet; the lots are fifty feet front, by one hundred deep, and there is not a lot within the survey unfit for building purposes.

There are three public squares laid out within the survey, which will be given to the city, and the proceeds of the sales of all the lots fronting on the squares will be appropriated to the erection of public buildings. The titles to this property are perfect and complete in every particular.

There will be established immediately at the city a record office in charge of a competent official person authorized to take acknowledgements and record deeds, and where the original title deed to this property will be recorded, and where it is desired that all deeds for lots purchased should be immediately recorded.

The purchasers will be required to make improvements within a specified time.

The advantages of the location of this city over any other above San Francisco, are too well known to all who have either passed up the river Sacramento or San Joaquin to require any comment from the proprietors; but to all persons who have not had the opportunity to examine the site, we say that there is not in all California a point combining so many advantages for business purposes, with the advantages of a fine, healthy climate, dry soil, free from inundation, at every point, throughout the year, a superior harbor for vessels of the largest class, and an abundant supply of pure water at all seasons. To these advantages, we will add that permanent arrangements have been made for two steamers to commence running in all the month of August daily from San Francisco to the new city; and also two steamers of very light draught of water with tow boats prepared to navigate the Sacramento and san Joaquin, and their tributaries, from New York, below which they will not come. For lots or any information connected with the city of New York of the Pacific, apply at the office of the proprietors in Portsmouth square, san Francisco, and at the city of New York.

W. C. PARKER,
G. McDOUGAL,
Proprietors.

TOWN OF SUTTER.
(LATE SUTTERSVILLE.)

This town has has just been re-surveyed and laid out by Lt. J. W. Davidson, of the U. S. A., and lots therein are now offered for sale here, by the subscribers, and at the Town by George McDougald & Co. This town is beautifully situated upon the east bank of the Sacramento, within about two miles of Sutter's Fort, having a fine road leading therefrom direct to the mining region, and is some six miles nearer the mines by this road than any other embarcara point upon the river. A direct road is also being made on the opposite side of the river, which will, when completed, save 74 miles land travel to the mines The locations upon the river banks for business purposes are never subject to overflow by the highest water known on the river, and the high ground back is the most desirable location for a residence of any point that can be selected upon the banks of the Sacramento.

TOWN OF SANTA CRUZ.

The survey of this Pueblo, one of the oldest in California, has recently been corrected and mapped by Lieut. Williamson, U. S. A. It is situated in the Bay of Monterey, and presents more advantages for an agreeable residence than any other in California, for it is well known that at no part of the whole country is the climate purer, water better, soil more fertile, and where so unlimited a supply of lumber and timber for building and fencing purposes can be procured at prices nearly as low as the United States. The town and planting grounds are laid out in lots of 50 varas square, a large number of which are now offered for sale at very moderate prices by the subscribers.

SAN FRANCISCO.

Some of the most desirable locations for private residences or business purposes in this town, can be purchased or leased of the subscribers.

Maps of the city of New York of the Pacific, the towns of Sutter, Santa Cruz, and san Francisco can be seen at the Land Office of the subscribers on Clay street, south side Portsmouth square.
